## Payment Policy

Please note that the prices shown in my Pricing Plan are flexible and not set in stone. This means that I am happy to provide discounts for regular customers (this would be different for each client) and am happy to offer refunds if I am unable to complete whatever you set me – hopefully, this should be unlikely though.

If you feel unable to pay all the money upfront, you can set up a Bill and pay the money I monthly amounts. However, you must state why it is not possible to pay ne upfront if this is the case.

## Free-Work Policy

**I am happy to do free work for clients providing:**

- You are a loyal and regular customer of my services.
- You are unable to pay me upfront immediately or are in any financial difficulties.
- You warn me in as much advance as possible if you are unable to pay me upfront.

## Availability

Please note that there are times when I may have to push back your project as a result of being committed to multiple or a particularly important project. This is likely to happen when I am nearing an Assignment Deadline or when I have more urgent commitments within our outside of college.

Thank you in advance for your patience.
